Babulal Prajapati

Senior Software Developer

Number : 8866413077

PROFILE

Full-Stack Developer specializing in Laravel, Node.js, and the MERN stack. Proven track record in developing scalable backend APIs and high-quality production code for live E-commerce and cab-booking platforms. Focused on delivering efficient, maintainable solutions for real-world problems.

CODING SKILLS

- Frontend: React Js, Html, Css, Javascript
- Backend: Laravel, Node Js, Express Js, PHP, RESTful APIs
- Database: MySQL, MongoDB

WORK EXPERIENCE

Hyperlink Infosystem [Jan 2024 - 31 July 2025]

Full stack developer

- Career Growth: Advanced from Intern to Full-time Developer within six months through steady performance and strong technical contributions.
- Architecture & Backend: Built a reliable admin panel with Laravel and created scalable Node.js APIs to support a high-traffic React Native mobile application.
- Production Impact: Developed The Athena Flower, a live E-commerce platform, contributing to production-level code, system planning, and deployment.
- Full-Stack Collaboration: Managed the integration between the Laravel management system and the Node.js backend to ensure seamless data synchronization.

Takshvi IT Solutions [August 2025 - Present]

- Full-Stack Development: Engineered end-to-end web solutions and admin panels for Kwicktravels, Matrix Cabs, Wellness Nature Care, and Autofast.
- API Integration: Implemented Google Maps API (Autocomplete/Distance), reCAPTCHA, and automated WhatsApp/SMS/Email gateways.
- Solo Lifecycle Management: Managed full development cycles as a solo developer, from MySQL schema design to frontend execution.
- DevOps: Deployed and maintained production applications on AWS EC2, BigRock, and Hosting servers.
